For sale between the 1st of January of 2010 and the 31st of December of 2010

For travel between the 1st of January of 2010 and the 31st of January of 2011

CONDITIONS:

- **Sales restriction:** For sale outside South America and the Caribbean to foreign and Colombian residents living abroad, travelling on international flights operated by Avianca Airlines or other airlines. Compensation Tickets offered by Avianca Airlines are also valid.
- **Validity:** Each coupon is valid for one segment (OW) from Colombia to South America or the Caribbean including one connection, when required, as long as the connection time is less than 24 hours; otherwise the user must purchase a coupon for each flight segment to be taken.
Example: A passenger travelling from Medellin to Quito, connecting through Bogota, and whose connection time in Bogota is inferior to 24 hours shall pay for only one coupon of USD 75. However, if the connecting time in Bogota is greater than 24 hours the passenger shall pay for an additional domestic coupon of USD 50, for a total of USD 125.
- **Stay:**
 - Minimum: None
 - Maximum: 60 days
- **Taxes:** Colombian taxes and surcharges will be collected at the time of ticket issuance based on the current tax and surcharge requirements applicable on the date of the document issuance. Depending on the country of issuance and the country of destination additional local taxes may apply.
- **Combinations:** These fares may not be combined with any other fares.

- **Reservations:** Reservations for the first flight segment must be made. For any other segment, dates and flight times can be selected up to 72 hours prior to departure of each flight, subject to availability.
- **Ticket Time Limit:** Ticketing must be completed within 24 hours after reservations are made. When departure happens within 2 days, ticketing must be completed at the same time reservations are made.
- **Discount:** For children, between the ages of 2 to 11, a 33% discount is applicable. For infants without a seat, ages 2 and below, a 90% discount applies.
- **Baggage Allowance:** For domestic flights, baggage allowance will correspond to the same applied to international flights arriving in Colombia. To make this allowance valid please present your international ticket at the domestic check-in.
- **Refunds:**
 - Before departure: Refund permitted at a charge of USD 75. Refund will be made at the original place of issuance.
 - After departure: No refund will be made if one of the portions of the AirPass has been used.
- **Changes:** For changes resulting in a date, flight number or routing change, a new ticket must be issued. If the changes do not result in a variation of class of service, then a penalty of USD 40 will apply. If the changes result in a variation into a higher class of service (from W to L), then an additional fee of USD 40 will be collected, for a total of USD80.
- **Issuance:**
 - Ticket issuance must occur outside of Colombia in one of two forms: as a regular ticket or as an MPD/MCO (Miscellaneous Charge Order). If a regular ticket is issued, it must refer to a current route, date and flight number and it is subject to all the conditions and penalties indicated by fare rules. If the passenger is not sure on the routing, then it is recommended to have an MPD/MCO issued. After the passenger arrives in Colombia and decides on the routing this MPD/MCO must be exchanged for a segment coupon at any Avianca or Sam airlines ticketing facility and it is subject to availability.
 - Once the ticket has been issued, the passenger will use the flight coupons at his or her discretion.
 - The general conditions for the domestic "ticket" or "MPD/MCO" are:
 - In order to sell the domestic ticket or MPD/MCO outside Colombia it must, in all cases, be issued in conjunction with an international ticket. If the international ticket is bought separately, the international ticket's number must be indicated in the "conjunction box" of the Avianca AirPass.
 - If an MPD/MCO is issued instead of a ticket, this product's Fare Basis Code must appear at the "Observation" box of the MPD/MCO. However, if a ticket is issued, the Fare Basis Code must appear on the "Linear Fare Calculation" line of the ticket.
 - The passenger's name appearing on the ticket or MPD/MCO for the Avianca AirPass must be identical as the name appearing on the international ticket. Please note that Avianca does not allow name changes neither on reservations or tickets.
 - The ticket or MPD/MCO on the AirPass must always indicate "NON ENDORSABLE, VALID AV/MM ONLY".
 - In the Tour Code box, the code AIRPASSI09 must be inserted.
- **Revalidations:** Reissuance is only allowed, prior to the arrival in Colombia, at the original travel agency that sold the AirPass or after arrival in Colombia at Avianca offices. Reissuance will take place in accordance with fares rules and conditions.
